Attorney General Maura Healey, along with Senator Linda Dorcea Forry, Representative Russell E. Holmes, City Councilor-at-Large Ayanna Pressley, and District 4 City Councilor Andrea J. Campbell and the Communities of Color, invite you to a Boston Town Hall Meeting on Thursday, June 15, to discuss current issues facing our community and our country.

Today, our community, our Commonwealth, and our country face unprecedented threats from those in Washington who want to roll-back and undermine the progress we have made addressing social, racial, and economic justice. The Trump administration's plans would lead us in the wrong direction on access to health care, economic inequality, the opioid crisis, and criminal justice reform. During the town hall, your elected officials will share the work they are doing – and how we can work together moving forward. Most importantly, they will be taking YOUR questions.

Please RSVP [here](#). And please share or forward this invitation to others who might like to attend.
